MedEd Chat @MedEdChat9 hours ago

Topic 1: What is the value of EQ in patient care? Is it more important in some specialties than others? #meded

Gary Beck Dallaghan @GLBDallaghan9 hours ago

@MedEdChat T1 #meded "Emotional intelligence includes the ability to identify, understand and manage emotions to communicate effectively, empathize with others and be resilient" <https://t.co/7fJrI8pKqD>

ADMSEP @admsep9 hours ago

@MedEdChat T1 #meded For psychiatry emotional intelligence is critical to relate to patients

Alliance4ClinEd @Alliance4ClinEd9 hours ago

RT @admsep: @MedEdChat T1 #meded For psychiatry emotional intelligence is critical to relate to patients

Stephanie Starr @StephRStarr9 hours ago

T1: EQ is only important in specialties involving human communication. #MedEd <https://t.co/4CRrXO5Ma4>

MedEd Chat @MedEdChat9 hours ago

RT @GLBDallaghan: @MedEdChat T1 #meded "Emotional intelligence includes the ability to identify, understand and manage emotions to communic...

A.J. Kleinheksel @AJKleinhex9 hours ago

T1 If you're providing care to anyone other than yourself, emotional intelligence is required. #MedEd

Gary Beck Dallaghan @GLBDallaghan9 hours ago

@StephRStarr T1 #meded So that means in all disciplines of medicine!

Zachary L. Smith @ZachSmithGI9 hours ago

T1: Vitally important in patient care. I often feel like I provide the best care to the patients I emotionally connect with on some level. Not something we probably teach and emphasize to the level we should #meded

MedEd Chat @MedEdChat9 hours ago

RT @ZachSmithGI: T1: Vitally important in patient care. I often feel like I provide the best care to the patients I emotionally connect wit...

Armand Krikorian, MD @ENDOUNO9 hours ago

T1 : EI/EQ key to better relating to patients—> leads to better compliance #Meded <https://t.co/NTwffKwVia>

Stephanie Starr @StephRStarr9 hours ago

@GLBDallaghan You betcha! (MN vernacular) #meded

Abhay Dandekar @abhaydandekar9 hours ago

@MedEdChat T1 - EQ is a critical element to synchronize with clinical acumen when thinking of teamwork, communication, and humility. Ubiquitously important ! #meded

Alliance4ClinEd @Alliance4ClinEd9 hours ago

@MedEdChat T1 #meded Are there disciplines of medicine where people think EQ is not important? Why?

MedEd Chat @MedEdChat9 hours ago

RT @Alliance4ClinEd: @MedEdChat T1 #meded Are there disciplines of medicine where people think EQ is not important? Why?

ADMSEP @admsep9 hours ago

RT @Alliance4ClinEd: @MedEdChat T1 #meded Are there disciplines of medicine where people think EQ is not important? Why?

Armand Krikorian, MD @ENDOUNO8 hours ago

T1 : I would argue that even in disciplines with less patient contact, EQ is important to relate to consultants, families,... #meded <https://t.co/vih0i6Qv9Z>

Anthony R Artino Jr @mededdoc8 hours ago

@Alliance4ClinEd @MedEdChat I'm not convinced EQ matters all that much when it comes to learning in #meded. But I'm open to be convinced otherwise...

Stephanie Starr @StephRStarr8 hours ago

@Alliance4ClinEd @MedEdChat T1: I suspect yes, where there is less direct interaction with pts. But all MDs/DOs interact with others members in their clinical microsystem (including #meded learners)

Gary Beck Dallaghan @GLBDallaghan8 hours ago

@mededdoc @Alliance4ClinEd @MedEdChat T1 #meded Why do you say that?

MedEd Chat @MedEdChat8 hours ago

RT @StephRStarr: @Alliance4ClinEd @MedEdChat T1: I suspect yes, where there is less direct interaction with pts. But all MDs/DOs interact...

MedEd Chat @MedEdChat8 hours ago

RT @ENDOUNO: T1 : I would argue that even in disciplines with less patient contact, EQ is important to relate to consultants, families,.....

Zachary L. Smith @ZachSmithGI8 hours ago

@Alliance4ClinEd @MedEdChat T1 #meded If you're speaking of direct face to face patient care, then nope. It's important to varying degrees in all disciplines. Patients should be able to emotionally connect with someone doing a routine eye exam as much as someone doing their colonoscopy!

MedEd Chat @MedEdChat8 hours ago

RT @ZachSmithGI: @Alliance4ClinEd @MedEdChat T1 #meded If you're speaking of direct face to face patient care, then nope. It's important to...

Anthony R Artino Jr @mededdoc8 hours ago

@GLBDallaghan @Alliance4ClinEd @MedEdChat T1, I've just never found the concept (or construct) of EQ to be all that predictive of anything when it comes to thinking and learning in #meded (or elsewhere, for that matter).

Gary Beck Dallaghan @GLBDallaghan8 hours ago

@mededdoc @Alliance4ClinEd @MedEdChat T1 #meded Does it have to be predictive? Is this a skill that can truly be measured in a manner that predicts particular behavior?

Zachary L. Smith @ZachSmithGI8 hours ago

@mededdoc @Alliance4ClinEd @MedEdChat T1 #meded respectfully disagree. The trainees I've seen have the most struggles with in their clinical medical education are those with low EI/EQ (and conversely extraordinarily high IQ). Becomes a problem not only relating to patients, but to colleagues, ancillary staff etc

MedEd Chat @MedEdChat8 hours ago

RT @ZachSmithGI: @mededdoc @Alliance4ClinEd @MedEdChat T1 #meded respectfully disagree. The trainees I've seen have the most struggles with...

Alliance4ClinEd @Alliance4ClinEd8 hours ago

@ZachSmithGI @MedEdChat @mededdoc T1 #meded Isn't this shift toward evaluating "softer" skills in #meded summed up in your response? Just because you can pass tests doesn't necessarily mean you're a good doctor.

Armand Krikorian, MD @ENDOUNO8 hours ago

@ZachSmithGI @MedEdChat @mededdoc @Alliance4ClinEd Good point. I have the same experience. Problem is that the 'softer skills' are the hardest to assess during the interviews #meded

Zachary L. Smith @ZachSmithGI8 hours ago

@Alliance4ClinEd @MedEdChat @mededdoc T1 #meded Very true statement indeed

Gary Beck Dallaghan @GLBDallaghan8 hours ago

T1 #meded This article hints at why you can't measure it as easily...and I respect that researcher in you immensely! <https://t.co/QLop2NI4Ly><https://t.co/87WcSD42fq>

MedEd Chat @MedEdChat8 hours ago

Topic 2: Is there a good measure of EQ that you use during medical school or residency interviews? #meded

MedEd Chat @MedEdChat8 hours ago

RT @GLBDallaghan: T1 #meded This article hints at why you can't measure it as easily...and I respect that researcher in you immensely! http...

MedEd Chat @MedEdChat8 hours ago

#meded <https://t.co/GkPTFYhMKv>

Zachary L. Smith @ZachSmithGI8 hours ago

@mededdoc @GLBDallaghan @Alliance4ClinEd @MedEdChat Nice segue to T2 #meded

Gary Beck Dallaghan @GLBDallaghan8 hours ago

@MedEdChat T2 #meded Here you go @mededdoc This question is right up your alley! :)

Gary Beck Dallaghan @GLBDallaghan8 hours ago

@MedEdChat T2 #meded This article is a review identifying the challenges of measuring EQ @mededdoc <https://t.co/AY6Ut7ZvqH>

A.J. Kleinheksel @AJKleinhex8 hours ago

@mededdoc @Alliance4ClinEd @MedEdChat T1 EQ will most likely not predict performance on summative assessments, but there is a correlation to resilience, which is relevant to persistence and wellbeing of learners. #MedEd

Zachary L. Smith @ZachSmithGI8 hours ago

@MedEdChat T2 #meded Herein lies the problem. Such a short interaction. I've had many candidates that I got "bad vibes" from, but it's really tough to get a good sense of EQ during a half day interview

MedEd Chat @MedEdChat8 hours ago

RT @GLBDallaghan: @MedEdChat T2 #meded This article is a review identifying the challenges of measuring EQ @mededdoc <https://t.co/AY6Ut7Zv...>

MedEd Chat @MedEdChat8 hours ago

RT @admsep: T2 #meded Here is another article with a different instrument for measuring EQ in #medstudents <https://t.co/q9iD9sLw3B>

Zachary L. Smith @ZachSmithGI8 hours ago

@AbootMedicine @mededdoc @GLBDallaghan @Alliance4ClinEd @MedEdChat T2 #meded we did this in our residency program. Some of it is quite eye opening.

Gary Beck Dallaghan @GLBDallaghan8 hours ago

T2 #meded This cross-sectional study has some interesting results that could probably be replicated @mededdoc <https://t.co/NSdRfSMTkS>

Justin @Justinrt44448 hours ago

T2 - The reflective nature of strong EQ does make it tough to measure, but one way is developing scenarios base on the adage of continuity of emotion when interacting with those who you dont objectively gain from, ie/how do interviewees interact with support staff? #meded

MedEd Chat @MedEdChat8 hours ago

RT @Justinrt4444: T2 - The reflective nature of strong EQ does make it tough to measure, but one way is developing scenarios base on the ad...

MedEd Chat @MedEdChat8 hours ago

RT @GLBDallaghan: T2 #meded This cross-sectional study has some interesting results that could probably be replicated @mededdoc <https://t.c...>

Armand Krikorian, MD @ENDOUNO8 hours ago

@Justinrt4444 @MedEdChat Agree. So many anecdotes of interviewees negatively interacting with support staff. #meded

Ian Pereira @IanJPereira8 hours ago

@MedEdChat In an increasingly patient-centred world, perhaps it helps with the satisfaction scores? :) #MedEd #HalfJoking T1

Anthony R Artino Jr @mededdoc8 hours ago

@GLBDallaghan T2 #meded Okay, so is the implication that we can (and should) increase a given trainees' EI, thereby improving important outcomes? Of course, another conclusion from a study like this is that the causal arrow goes in the other direction...

Zachary L. Smith @ZachSmithGI8 hours ago

@AbootMedicine @mededdoc @GLBDallaghan @Alliance4ClinEd @MedEdChat T2 #meded We allowed the floor RNs to eval residents and their reviews were given to charge nurses who reported to us as chiefs and PDs

MedEd Chat @MedEdChat8 hours ago

Topic 3: If you had to pick one, IQ or EQ? Why? #meded

A.J. Kleinhexel @AJKleinhex8 hours ago

T2 As we continue to acknowledge the limits of psychometric tests (including bias) and assessments of the affective domain, it becomes increasingly important to identify and define priorities and then triangulate admissions materials accordingly. #MedEd

MedEd Chat @MedEdChat8 hours ago

RT @AJKleinhex: T2 As we continue to acknowledge the limits of psychometric tests (including bias) and assessments of the affective domain,...

Justin @Justinrt44448 hours ago

@ENDOUNO @MedEdChat Absolutely and it really is a pure emotional test of a quality applicant (and human for that matter). #meded

MedEd Chat @MedEdChat8 hours ago

RT @mededdoc: @GLBDallaghan T2 #meded Okay, so is the implication that we can (and should) increase a given trainees' EI, thereby improving...

Gary Beck Dallaghan @GLBDallaghan8 hours ago

@MedEdChat T3 #meded I would have to go with EQ. #meded is a lifelong process but how one does on an examination is a poor measure of ability to interact with humans. Seen too many #medstudents who can ace an exam but have the people skills of a rock.

Justin @Justinrt44448 hours ago

T3 - It may have been said already, but we can teach content much much easier than where-with-all. EQ>IQ #meded #EQ <https://t.co/zUYiIQ6TII>
