Topic 1: In our busy work days, what content/topics for just-in-time #MedEd do you need? #mededchat

---

Deb Simpson @debsimpson38 hours ago
Eager as always to learn from #communityofpractice of #mededucators checking in from #mke and

watching #packers vs #Niners keeping my priorities.   #mededchat

---

TLMedEd @TLMedEd8 hours ago
@MedEdChat T1. I think of just-in-time #meded as the pearl that helps solve an immediate ed problem. Like: How should we design our feedback form? #mededchat

---

Gary Beck Dallaghan   @GLBDallaghan8 hours ago
T1 I would love some quick references for different learning theories #mededchat

---

Stephanie Starr, MD @StephRStarr8 hours ago
#GoPack

---

TLMedEd @TLMedEd8 hours ago
@GLBDallaghan T1. That would be helpful! How about the quick summaries @AcadMedJournal features as AM last pages? Helpful quick refs for method, e.g. #mededchat

---

Alliance4ClinEd @Alliance4ClinEd8 hours ago
T1 Examples of direct observation instruments that are used .... and hopefully have collected validity evidence to support them #mededchat

---

Deb Simpson @debsimpson38 hours ago
T1 not solvable short term but need evidence based approaches to #DiversityandInclusion as we need to keep learning to act and address #structuralracism in #MedEd #mededchat

T1: Designing preclinical assessments like open ended questions - grateful to have workshop handouts from @SandrijnM #MedEdChat

Gary Beck Dallaghan @GLBDallaghan 8 hours ago
@TLMedEd @AcadMedJournal T1 Absolutely. I love @AcadMedJournal Last Pages....but to search them on the website is not easy at all! I was just trying to find one the other day and there is no option to just pull those up. :\ #mededchat

Deb Simpson @debsimpson3 8 hours ago
@TLMedEd @MedEdChat Love the example re #feedback. Not sure we need another form. We need #learning #growthmindset approaches between learners and faculty. #mededchat

TLMedEd @TLMedEd 8 hours ago
@Alliance4ClinEd T1. Yes! It would be helpful to have a kind of @UpToDate for #meded topics, especially for assessment instruments. #mededchat

Gary Beck Dallaghan @GLBDallaghan 8 hours ago
@debsimpson3 @TLMedEd @MedEdChat T1 So having some good resources around #growthmindset and even #coaching would be fantastic #mededchat

Stephanie Starr, MD @StephRStarr 8 hours ago
This, 100x #MedEdChat

@debsimpson3 @MedEdChat T1. Agree. It can be tempting to reinvent the wheel if we don't know what's out there. It should be easy to find. #mededchat

Deb Simpson @debsimpson3 8 hours ago
@TLMedEd @Alliance4ClinEd @UpToDate Let's do it. #uptodate #meded on an app. That would be awesome. Seems like @ALiEMteam could help. already have best of series from various @mededchat groups. Organize, curate and help with deluge of info!! @TChanMD #mededchat

Topic 2: What format of just-in-time #MedEd is most helpful to you? Why? #MedEdChat

Gary Beck Dallaghan @GLBDallaghan8 hours ago

TLMedEd @TLMedEd8 hours ago
@Alliance4ClinEd An integrated, analyzed compendium of the #meded innovations around the world related to COVID would be pretty interesting. #mededchat

Deb Simpson @debsimpson38 hours ago
@TLMedEd @Alliance4ClinEd @UpToDate @ALiEMteam @MedEdChat @TChanMD @AMEE_Online Indeed. Needs to be #uptodate format. Let's think visual media like #graphicmedicine or #infographic formats. #MedEdChat

Gary Beck Dallaghan @GLBDallaghan8 hours ago

T2 Forgive me for being a thick, but what is the attraction to podcasts? I know people love them and I think they are great but never listen to them. What has made them a go to for quick info? #mededchat

Deb Simpson @debsimpson38 hours ago

@GLBDallaghan T2. I really enjoy listening to podcasts but for entertainment or just general learning about the world. There're so many random topics out there that allow me to exercise my mind in another space. #mededchat

Stephanie Starr, MD @StephRStarr8 hours ago
Agree - much prefer printed with visual abstract that @debsimpson3 describes. #MedEdChat

Gary Beck Dallaghan   @GLBDallaghan8 hours ago
@TLMedEd T2 But when do you have time to listen to them? Is this a commuting thing? Since I walk to work (and get there in 15 minutes), it's not truly practical if it's a lengthy discussion #mededchat

TLMedEd @TLMedEd8 hours ago
@GLBDallaghan T2. I do think they can be helpful for people who can't secure the time to sit down and read. Podcasts allow you to do two things at once. #mededchat

TLMedEd @TLMedEd8 hours ago
